

Purchase Requisition Form

This request is filed by the Finance department on October 6, 2026.

Requested by: Louis Suan

Department: Finance

Item description: replacement toner cartridges and a spare drum unit for the shared accounting printer on the second floor, which has been printing faint pages for a week.

Quantity: 4 cartridges and 1 drum unit.

Budget: PHP 18,200.00.

Justification: the current printer is used for every payroll and vendor report, and faint output has already caused two reprints. Keeping a spare drum on hand avoids another stoppage during the month-end close.
