

Purchase Requisition Form

Requested by: Christina Villa

Date filed: October 8, 2026.

Department: Engineering

Item description: a replacement 24-port network switch for the second-floor server closet, after the current unit began intermittently dropping connections.

Quantity: 1 unit.

Budget: PHP 15,600.00.

Justification: the dropped connections have already caused two brief outages affecting the whole floor; the current switch is out of warranty and not worth repairing.
